1.0 PURPOSE AND SCOPE

The purpose of this document is to outline the duties and responsibilities of being a member of the Proficiency Analytical Testing Programs Board (PAT Board).

2.0 OVERVIEW

Your service on the PAT Board is critically important to the AIHA Proficiency Analytical Testing Programs (AIHA PAT Programs). As indicated on the PAT Board Candidate Application, Board members are required to attend a meeting at least one (1) time annually in March or April each year. AIHA PAT Programs will cover reasonable and customary travel expenses to the meeting.

Being a member of the PAT Board is important and at times can be a time-consuming obligation. On average, the duties of members take approximately 5 hours per month. Review of proposals or other complex documents may require significantly more time. Between meetings, members of the PAT Board are expected to participate in and contribute to ad hoc task forces appointed by the PAT Board or its Chair, to vote on matters requiring a PAT Board vote, and to participate in conference calls as requested. Timely responses to all pre- and post-meeting communications and actions are very important.

In all, participation on the PAT Board carries with it a significant amount of responsibility and effort. In return for your efforts, you will have the opportunity to participate in an important process, contribute to your profession, and network with some outstanding industry leaders.

PAT Board members, if participants in any AIHA PAT Programs, should be participants in good standing* at the time of application and if selected, they shall remain members in good standing throughout their tenure on the Board.

AIHA PAT Programs endeavors to make this volunteer experience rewarding.

*Good standing means that the AIHA PAT Programs participant is current on all fees due to the Programs.
