Health and Safety

PSX is not requiring COVID-19 testing, proof of vaccination, or social distancing. Attendees are encouraged to use safety precautions, including masking, appropriate to their needs and comfort. We ask participants to respect each others’ personal choices to protect their health.

Emergencies and First Aid

The safety and security of attendees and staff is the top priority of the Product Stewardship Society, AIHA, and The Galt House Louisville. For fire and medical emergencies, first dial 911, and then contact a Product Stewardship Society or AIHA staff member at Registration.

Photography and Audio/Video Recording

Still photography and audio or video recording are not permitted in any courses, workshops, sessions, or The Exchange. A professional photographer will be on site to document the event. These photos may be used on the Product Stewardship Society or AIHA websites or in publications.
Improve safety and compliance with access to the most accurate, up-to-date SDS and chemical safety documentation available.

CHEMICAL MANAGEMENT:
Automate the production of compliant SDSs and labels in nearly 50 languages with global integrated managed regulatory content.

CHEMICAL COMPLIANCE:
Comply with recycling and substance regulations around the world.

ARTICLES COMPLIANCE:
Manage the environmental impact of your products with the world’s leading Life Cycle Assessment software and data.

PRODUCT SUSTAINABILITY:
The demand for safer, compliant and sustainable products has never been higher. Meet the demand with technology, content and expertise from Sphera.

Safe & sustainable starts with knowing your supply chain

Streamline data access & create reports faster

- Automated supply chain outreach
- Chemical hazards database searchable by CAS, EC or substance name
- Centralized compliance data management
- 115+ chemical lists updated bi-weekly
- Regulatory reporting for CA Prop 65, EU REACH, SCIP, & more

One of the best business decisions we've made was to move our data and supply chain outreach from spreadsheets into Toxnot. All product information is in one place and easily accessible to all business units, internal resources, and third party organizations.
