

Virtual Booth Functions & Features

Build Your Exhibits/Booths

Step 1: Choose your Exhibit Template or Build Your Own

Step 2: Decorate and Accessorize!

Product Info: Excite your attendees with information about your products or services; provide PDF downloads or whitepapers.

Branding: Place your logo or any graphic that fits the look and feel of your event.

Marketing Content: Engage viewers with a product demo or company video.

Custom Features: Create your booth to fit your strategy—access edit functionality here.

Company information: Inform attendees about your company, organization, or mission.

Make it your own: Make your booth completely unique with customized images!

Engage: Keep the conversation going with a real-time text or video chat.

Collect leads, contacts or resumes: Participants are able to leave their contact details allowing you to stay connected.

Get Help Instantly: Forget where to go for what? The Help Desk is always here to direct you.

YOU!

- Tips and Ideas:**
- Chat or video chat with booth visitors
 - Customize your booth where you can with fun images; downloaded or linked content and more!
 - It's a great place to tell attendees a little bit about you, your company, and what you have to offer
