# Vendor Directory

## For OEHS Professionals

The *Vendor Directory for OEHS Professionals* offers all the information you need to make your purchasing decisions. Companies are listed alphabetically and by product or service category. Participants in AIHA's Hamilton Club ([bit.ly/hamiltonclub](https://bit.ly/hamiltonclub)), an exclusive program for corporations actively involved in AIHA's initiatives, are designated by the Hamilton Club logo. Also included is a convenient index of articles that have appeared in this year's volume of *The Synergist*.

The digital home of the Vendor Directory at **aiha.webvent.tv/sites** offers a powerful search function and an attractive interface that facilitates browsing on both mobile and desktop devices. Companies that appear in the digital Vendor Directory can update their listing as often as they like, so visit frequently to retrieve the latest information on OEHS products and services.

# assured**bio**™

**We want to be YOUR environmental microbiology laboratory** – Assured Bio is an AIHA-LAP, LLC accredited laboratory for testing mold, bacteria, and coliforms using traditional microscopic and DNA-based (MSQPCR) analysis located in Oak Ridge, Tennessee.

Assured Bio processes and interprets samples from homes, office buildings, schools, hospitals, micro-sensitive manufacturing facilities, and other buildings.

**Ask us about the M-TRAP®.** This air cassette has been independently validated by CDC NIOSH and is proven to increase spore capture efficiency by 95-99% compared to traditional inertial impact spore trap cassettes (Micro-5®, AllergencoD®, Air-o-Cell®, etc).

The M-TRAP® cassette is compatible with most standard IAQ pumps.  
Turnaround time is 24-72 hours of receipt.

**The M-TRAP®**  
**The revolutionary**  
**air sampling**  
**cassette for mold,**  
**bacteria, and**  
**viruses.**

## Commit2Care.org

Pledge to do your part  
**in making your building,  
organization, and community  
healthier and safer from COVID-19.**

We all have an individual and institutional responsibility to protect ourselves and one another.

As professionals representing occupational and environmental health and safety, infection prevention, healthcare, biosafety/security, and building engineering, we must come together. Collectively, we are THE experts that know how to keep indoor environments safe and mitigate the spread of pathogens.

**Commit to C.A.R.E.** was designed to educate and help guide organizations across the globe through easy-to-understand virtual trainings and risk assessment tools **based solely and objectively on established science.**

You are invited to view the dozens of new knowledge products that AIHA and IBEC co-created under a cooperative grant agreement funded by CDC/NIOSH.

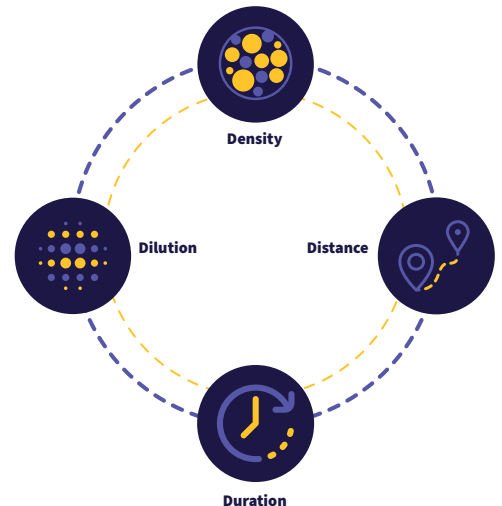

**Commit To C.A.R.E. today!**

**IBEC** bridges the gap between science and real-world application so people can feel safe gathering together again in indoor spaces.

**AIHA** is the association for scientists and professionals committed to preserving and ensuring occupational and environmental health and safety (OEHS) in the workplace and community.

## 2023 Articles Index

This index lists the feature articles published in *The Synergist* from January through November 2023. If available at press time, URLs are provided for each article. All articles can be found through the digital Synergist at [synergist.aiha.org](https://synergist.aiha.org).

### JANUARY

#### Public Event Safety

A Review of Standards and Guidance to Protect Workers and the Public

By Lorraine Sedlak, Matthew Parker, and Danielle S. Mills

[aiha.info/syn2301event](https://aiha.info/syn2301event)

#### Decarbonization and Indoor Air Quality Improvements

Are They Compatible?

By John P. "Jack" Springston and Wane A. Baker

[aiha.info/syn2301decarb](https://aiha.info/syn2301decarb)

#### Reflections on Wildland Firefighting

Protective Clothing, Equipment, Hazards, and Procedures

By John C. Ratliff

[aiha.info/syn2301fire](https://aiha.info/syn2301fire)

### FEBRUARY

#### Many Paths, One Goal

Exploring Different Approaches to Occupational Risk Assessment

By Silvia Maberti and Andy Maier

[aiha.info/syn2302paths](https://aiha.info/syn2302paths)

#### Improving Workers' Decision-Making

The OEHS Implications of Cognitive and Behavioral Psychology

By Bernard L. Fontaine, Jr. and Carl Sall

[aiha.info/syn2302decision](https://aiha.info/syn2302decision)

#### Approaches to Ventilation Systems

A Survey of ANSI Z9 Standards

By D. Jeff Burton

[aiha.info/syn2302vent](https://aiha.info/syn2302vent)

### MARCH

#### Don't Just "Shrink It and Pink It"

Common PPE Challenges for Women

By Diana Peroni and Katie Stryker

[aiha.info/syn2303ppewomen](https://aiha.info/syn2303ppewomen)

#### Cause for Alarm

Addressing the Alarm-Setting Process in Real-Time Detection Systems Implementation

By Evison Carefoot, Emanuele Cauda, Robert Henderson, Steven Jahn, and William Mills

[aiha.info/syn2303alarm](https://aiha.info/syn2303alarm)

#### Support Systems

Five Women in OEHS Reflect on Their Successes

By Celia A. Booth

[aiha.info/syn2303support](https://aiha.info/syn2303support)

### APRIL

#### Out in the Workplace

Perspectives on Being LGBTQ+ in the OEHS Profession

By A. Michael Ierardi, Albert Moore, and Eric Shwartsman

[aiha.info/syn2304lgbtq](https://aiha.info/syn2304lgbtq)

#### Bridging the Gaps

IHs Can Connect Ventilation Engineering, IAQ, and Infection Control

By Chaolong Qi, Duane R. Hammond, Kevin H. Dunn, and Kenneth R. Mead

[aiha.info/syn2304gaps](https://aiha.info/syn2304gaps)

#### Wearable Wisdom

The Promise and Challenge of Wearable Sensors for Heat Stress Management

By Spencer Pizzani, Emanuele Cauda, Maggie Morrissey, and William Mills

[aiha.info/syn2304sensors](https://aiha.info/syn2304sensors)

## MAY

### Occupational Health Disparities

What Are They, and Why Do They Matter?

By Aurora B. Lê

[aiha.info/syn2305disparities](https://aiha.info/syn2305disparities)

### A Universal Framework

Using OSHA's Process Safety Management Standard to Enhance Your EHS Program

By Matthew Parker and Vic D'amato

[aiha.info/syn2305framework](https://aiha.info/syn2305framework)

### Last Day on the Job

Workplace Violence and Occupational Homicide

By Eva M. Glosson

[aiha.info/syn2305last](https://aiha.info/syn2305last)

## SEPTEMBER

### Our First Line of Defense

Protecting the Skin Against Chemical Agents

By Robert N. Phalen

[aiha.info/syn2309first](https://aiha.info/syn2309first)

### Emerging Issues in Cannabis and Workers' Compensation

Setting Priorities for Future Research

By John Howard, Steven Wurzelbacher, and Jamie Osborne

[aiha.info/syn2309cannabis](https://aiha.info/syn2309cannabis)

### Behind the Scenes

An Introduction to IH and OEHS in Television and Film

By Kay Bechtold

[aiha.info/syn2309scenes](https://aiha.info/syn2309scenes)

## JUNE/JULY

### A Primer on Eye and Face Protection

Understanding and Implementing a Workplace Program

By Paul Allen, Curtis Hintz, and Kevin Mahoney

[aiha.info/syn2306primer](https://aiha.info/syn2306primer)

## OCTOBER

### Overlooked and Unprotected

Nail Salon Workers Face Many Hazards

By Aurora B. Lê And Trần B. Huỳnh

### A Good Seal

Why Respirator Fit Testing Is Essential for Filtering Facepiece Respirators

By Richard W. Metzler, David L. Spelce, James S. Johnson, Christopher C. Coffey, Timothy R. Rehak, and Roy T. McKay

### Letting Surfaces Tell a Story

New Guidance from NIOSH on Surface Sampling

By Kendra Broadwater

### Introducing the National Firefighter Registry for Cancer

A New Effort to Understand and Reduce Cancer in Firefighters

By Kenneth Fent, Miriam Siegel, Alex Mayer, and Andrea Wilkinson

[aiha.info/syn2306nfr](https://aiha.info/syn2306nfr)

### DEI through Ergonomics

Supporting Diverse Body Types and Abilities

By Gary Downey, Ellen Gallo, and Penney Stanch

[aiha.info/syn2306dei](https://aiha.info/syn2306dei)

## AUGUST

### Synergistic Systems

The Complexities of Modern Laboratory Ventilation

By Jim Coogan

[aiha.info/syn2308systems](https://aiha.info/syn2308systems)

### A Strategic Approach to Laboratory Ventilation

Three Steps for Achieving Satisfactory Fume Hood Performance

By Thomas C. Smith

[aiha.info/syn2308vent](https://aiha.info/syn2308vent)

### Next-Level Accreditation

AIHA LAP Enters Year Two of Its Strategic Plan

By Cheryl O. Morton

[aiha.info/syn2308accred](https://aiha.info/syn2308accred)

## NOVEMBER

### Meeting an Urgent Need

A New Respirator Performance Standard for Canada

By Simon Smith

### A New Domain

Advancing Protection for Susceptible Workers

By Spencer Pizzani

### Healthy Work Strategies for a "Coronormal" Society

Addressing Economic Insecurity, Stress, Sleep Deprivation, and Fatigue

By Sara L. Tamers, Tapas K. Ray, and Jeannie A.S. Nigam

## PRODUCT FEATURES

Publication of this material does not constitute endorsement by AIHA® or The Synergist®.

### ACCUTEC-IHS INC.

#### ACCUFIT 9000 PRO

The rugged, fully featured, and affordable AccuFIT 9000 PRO has all the capabilities you need to quickly and accurately fit test ALL respirator types. This simple, easy-to-use quantitative fit-testing device includes OSHA's streamlined 2019 CNC protocol and provides digitally defensible results in less than 3 minutes with no messy hood or challenge agents.

### ADVANCED CHEMICAL SENSORS

#### INDUSTRIAL HYGIENE LABORATORY

Advanced Chemical Sensors is an industry-leading industrial hygiene laboratory providing top-tier customer service and timely results. We manufacture and test our own passive dosimeter for over 300 chemicals. Visit [acsbadge.com](http://acsbadge.com).

### AIHA

#### IH APPS AND TOOLS

Over the years, AIHA volunteers have developed tools and apps intended to provide practicing IHS with access to the information necessary to evaluate exposure profiles and determine if exposures are acceptable, not acceptable, or if more data is needed. Visit [aiha.info/ihaps](http://aiha.info/ihaps) to take advantage of these software tools.

### AIHA

#### SYNERGIST WEBINARS

Synergist Webinars are presentations by sponsoring companies on topics of importance to industrial hygiene and occupational and environmental health and safety professionals. Contact hours are available to attendees and viewers of recorded webinars. View archived and upcoming events at [aiha.webvent.tv](http://aiha.webvent.tv). Registration is free.

### AIRTHINGS

#### CORENTIUM PRO

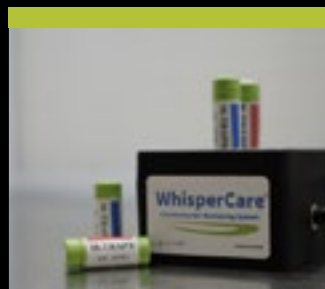

Highly accurate, fast, and easy to use. A favorite of home inspectors and radon professionals across the globe. Fully AARST-, NRPP-, and NRSB-certified product for radon professionals. Corentium Pro features four highly accurate radon chambers that work in parallel for maximum performance, reliability, and speed. Visit [bit.ly/corentiumpro](http://bit.ly/corentiumpro).

### ASSAY TECHNOLOGY

#### CHEMICAL MONITORING

Assay Technology develops cost-effective, convenient methods to monitor exposure to workplace chemicals. Personal monitoring badges and IH lab services. Smart-Badge™ App generates lab request documents. Badges for acetic acid, OV's, aldehydes, hydrogen peroxide, anesthetics, amines, acrolein, and others. Order online and save 10 percent per box. Call (800) 833-1258 or visit [assaytech.com](http://assaytech.com).

### ASSURED BIO LABS LLC

#### WHISPERCARE® AIR MONITORING SYSTEM

The WhisperCare is a continuous air monitoring system designed to test facilities for mold, bacteria, and viruses using DNA and RNA analysis. With its low decibel output, your facility can continuously collect air samples without disturbing occupants. Using longer capturing rates increases data accuracy when tracking down the source of contamination.

### OHD LLLP

#### QUANTIFIT2®

The QuantiFit2 leverages patented Controlled Negative Pressure (CNP) technology to provide globally approved quantitative respirator fit testing in under two minutes in any environment with no consumables. This innovative technology performs the fastest, most precise fit test. Featuring animations, touchscreen operation, and optional battery, you can fit test anytime, anywhere.

## PRODUCT FEATURES

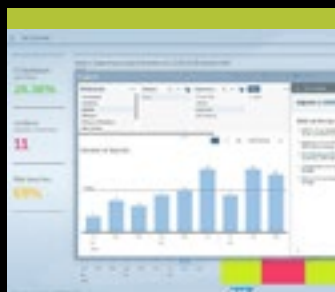

Publication of this material does not constitute endorsement by AIHA® or The Synergist®.

### RAECO RENTS LLC

EQUIPMENT RENTAL SERVICES

Treat yourself to better instrumentation rental service. See RAECO Rents for industrial hygiene, safety, and environmental instrument short- or long-term rentals. We back every rental with our instant-on guarantee. Free round-trip ground shipping on orders over \$500! Visit [raecorents.com](http://raecorents.com) or call (866) 736-8347.

### SAP

EHS PLATFORM

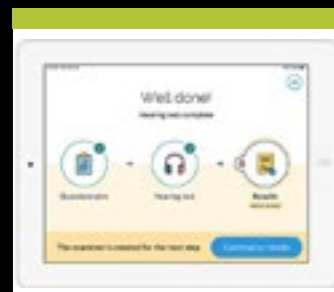

SAP Environment, Health, and Safety provides a comprehensive, enterprise-scalable platform to ensure compliance and reduce operational risk. Incident management, exposure risk assessment, and workplace sampling are all processes supported with direct integration to the rest of SAP's full suite of business and sustainability applications.

### S.E. INTERNATIONAL INC.

IONIZING RADIATION DETECTION INSTRUMENTS

S.E. International Inc. is a leader in ionizing radiation detection instruments for surface and air contamination. The Ranger family offers detection for alpha, beta, gamma, and x-rays from Gm-based to scintillation. The Ranger family of detectors has proven reliable for applications in the medical, laboratory, research, and educational fields.

### SHOEBOX LTD.

OCCUPATIONAL HEARING TESTING

A 2023 Industrial Hygiene Award-winning solution. Perform hearing testing in-house; no sound booth required. Designed to help you achieve your OSHA compliance, SHOEBOX includes an advanced web portal; view your company's compliance metrics at a glance, identify trends, and make data-driven decisions to improve your workplace hearing conservation program.

### SKC INC.

AIRCHEK ESSENTIAL+ SAMPLING PUMP

Looking for an on/off-style sampling pump with no-tool calibration but easy touch-screen operation? The SKC AirChek Essential+ provides accurate constant flows to 5000 mL/min (low flows with accessory) and the essential features, ease of operation, and highest value you want. Learn more at [bit.ly/skctouchpumps](http://bit.ly/skctouchpumps).

### SYNERGISTNOW

THE BLOG FOR OEHS PROFESSIONALS

The SynergistNOW blog offers ideas, insights, and perspectives on important topics affecting industrial hygiene professionals, written by and for experienced IHS, researchers, academics, and AIHA leaders. Sign up today at [aiha.org/blog](http://aiha.org/blog) to get new blog posts delivered right to your inbox.

### TAKMOS LLC

OCCUPATIONAL TOXICOLOGY CONSULTING

Takmos provides competitive flat-rate pricing for high-quality occupational toxicology and manufacturing-related toxicology assessments including occupational exposure banding (OEB), occupational exposure limits (OELs), health-based exposure limits (ADE, PDE), and safety data sheets (SDS). Most work products delivered within five business days. Custom work at your pace.

### VELOCITYEHS

VELOCITYEHS® HEALTH SOLUTION

VelocityEHS Health Solution gives you an easy and intuitive way to implement and manage a best-in-class IH program, with capabilities such as IH lab integration, respirator fit test, and a global chemical and OEL database. Built by certified industrial hygienists, the award-winning software empowers your team to deliver expert results. Visit [bit.ly/velocityehshealth](http://bit.ly/velocityehshealth).

**Conference & Expo for  
OEHS Professionals**

AIHA CONNECT brings together thousands of occupational and environmental health and safety professionals from multiple industries and career levels. If you're a leading OEHS solutions provider, yours could be the product they're searching for!

## **Why You Should Partner With AIHA CONNECT**

### **Increase visibility and brand recognition**

Over 4,000 OEHS professionals attend AIHA CONNECT

### **CONNECT with buyers**

78% of AIHA CONNECT attendees research, influence, or approve purchasing decisions for their companies

### **Accelerate the buying process**

7,698 leads were generated at AIHA CONNECT

### **Three Ways to Engage**

- Secure a booth space
- Become a sponsor partner (tiered or targeted)
- Amplify your message with advertising

## **Browse all exhibit & sponsorship options at [aiha.info/exhibit](https://aiha.info/exhibit).**
