AIHA Fellows Policy

Approved July 2018; Revised February 2025; Revised June 2025

Overview of the AIHA Fellows Policy

The Fellow designation recognizes and celebrates the accomplishments and contributions of distinguished AIHA members who are occupational and environmental health and safety (OEHS) professionals who have significantly demonstrated a commitment to preserving and ensuring health and safety in the workplace and communities around the world.

To be eligible for this esteemed honor, the nominee must have made significant contributions to industrial hygiene and/or related disciplines, through research, leadership, publications, education and/or service to AIHA as defined by the Fellows nominees scoring criteria. Further, the following conditions must be met, the nominee must be either a Full or Emeritus member of AIHA in good standing and must have had at least 15 years of continuous membership as a Full Member in good standing.

Note: The Fellows designation is limited to no more than five percent (5%) of the AIHA membership, and the Board of Directors (BoD) has set a cap of up to ten (10) new Fellows per year. Further, Fellows who do not maintain their AIHA membership will be considered Fellows and can use the FAIHA designation but will not be counted towards the five percent to allow capacity for new Fellows.

Fellows Selection Committee

The Fellows Selection Committee shall be composed of seven (7) Fellows; two of these members will be the Past Chair and Secretary of the Fellows SIG, and the remaining members will be selected through an open call process. The Fellow SIG officers are responsible for selecting the committee members and designating one of their officers (preferably the Past Chair) to serve as the chair of the Fellows Selection Committee. The additional (5) members of the Fellows Selection Committee will be selected in accordance with the Association's policies. If 5 additional members of the Fellows SIG do not step forward to serve on the Fellows Selection Committee, the Fellows SIG officers will serve to bring the selection committee to 7 members. If there is still an insufficient number of volunteers, all Fellow SIG officers will participate in the process. All members shall serve a one (1)-year term and carry voting rights. AIHA's President and CEO may serve in an ex-officio capacity.

The Fellows Selection Committee is responsible for evaluating nominations and selecting the most qualified recipients for the Fellows designation. The AIHA BOD has set a cap of up to ten (10) new Fellows per year. The final slate of awardees shall be presented to the AIHA BOD for approval. If none of the nominees meet the established criteria, there is no mandate to name new Fellows in

This supporting documentation is required to verify the claims without requiring reviewers to conduct independent research into the nominee's qualifications. The committee may base its evaluations on the materials provided.

Evaluation Procedure: The Fellows Selection Committee members will evaluate and score each nomination independently based on the predetermined criteria and scoring metrics. Scoring shall be performed in a manner that ensures each nominee's qualifications are assessed objectively. The Fellows Selection Committee will then meet to complete a final review, finalize and submit the recommendation to the AIHA BOD.

Numerical Cap: The AIHA BOD has set a limit of a maximum of 10 Fellow candidates to be selected each year.

Board Review: The slate of recommended Fellows will be submitted to the AIHA BOD for review and approval.

Fellows SIG Officers Tiebreaker: In the event of a tie, the Fellows SIG Chair and/or Vice Chair (if not already serving on the Fellows Selection Committee) shall make the final determination regarding which candidates will be awarded the Fellows designation.

FAIHA Designation Guidelines

The AIHA Fellows designation recognizes those who are full members in good standing, have 15 years of continuous Full membership, regardless of when those years occurred, and have made recognized contributions to industrial hygiene or related disciplines, either through research, leadership, publications, education, or service to AIHA.

These individuals have been nominated by an AIHA local section, committee, special interest group, or peers. Individuals are approved as Fellows by the AIHA BOD after recommendation by the Fellows Selection Committee.

The Fellow designation is limited to no more than five percent (5%) of the membership, and the AIHA BOD has set a cap of up to ten (10) new Fellows per year. Fellows who do not maintain their AIHA membership will continue to be considered as Fellows and can use the FAIHA designation but will not be counted towards the five percent to allow capacity for new Fellows.

The **FAIHA designation** must be used only as described in the guidelines. Please become familiar with the guidelines when developing business communications and marketing materials that include the designation. These include, but are not limited to, print, multimedia, and online communications, including business cards, letterhead, advertising, presentation materials, personal promotional literature, signage, and websites.

Adherence to the guidelines is vital to maintaining the distinctiveness, strength, value, and integrity of the FAIHA designation.

Frequently Asked Questions

WHY HAS THE FAIHA DESIGNATION BEEN INTRODUCED?

The FAIHA designation is a simple, easily recognizable way to reinforce Fellow status and to increase visibility, serving to inspire more individuals to pursue Fellow status, which in turn contributes to a culture of engagement, involvement, and leadership throughout all parts of the AIHA community. Additionally, this will reinforce to current Fellows the “Call to Service” they accept by becoming an AIHA Fellow. By using the FAIHA designation, you agree to abide by the guidelines set forth.

WHO MAY USE THE FAIHA DESIGNATION?

Only recipients of the AIHA Fellow Award have earned the right to display the designation and may place the designation after their names on appropriate professional documents. In addition,

HEALTHIER WORKPLACES | A HEALTHIER WORLD

AIHA may suspend or terminate an individual for cause and/or criminal and other unlawful acts.

WHAT HAPPENS IF I DO NOT MAINTAIN AN AIHA MEMBERSHIP AFTER RECEIVING THE DESIGNATION?

Fellows who do not maintain their AIHA membership will continue to be considered a Fellow, can use the FAIHA designation, but will not be counted towards the five percent of the membership count to allow capacity for new Fellows.

WHY IS THE AIHA BOARD SO CONCERNED WITH ENFORCING CORRECT USE OF THE FAIHA DESIGNATION?

Enforcement of the FAIHA designation is consistent with our mission. It is important that the FAIHA designation does not fall into common use. If the AIHA Board does not take appropriate steps to prevent the generic use of the FAIHA designation, it could lose its trademark rights, which means anyone could use the FAIHA designation even if they have not met the designation requirements.

WILL I BE HELD RESPONSIBLE FOR THIRD-PARTY MISUSE?

AIHA understands that third-party use of the FAIHA designation is not within your control. As an FAIHA designee, you have agreed to comply with the guidelines established above. We ask that you help educate third parties who may use the designation in association with your name, including the media, about the correct use of the FAIHA designation. AIHA will not bring a designee before professional review because of third-party misuse of the FAIHA designation. Designees may, however, be subject to the professional review process due to misuse of the FAIHA designation in their own materials, combined with an extended period of nonresponse to AIHA's request to stop misusing the designation. Designees should notify AIHA of improper use that comes to their attention.

HOW DOES AIHA MONITOR CORRECT USE OF THE MARK?

FAIHA designees help us by notifying us when they observe a potential unauthorized use or misuse of the FAIHA mark. In addition, AIHA may act should it find unauthorized use or misuse.

WHAT ARE THE CONSEQUENCES OF USING THE FAIHA DESIGNATION IMPROPERLY? HELP! HOW DO I KNOW IF I HAVE FULLY COMPLIED WITH THE REQUIREMENTS?

You may contact AIHA with any questions, comments, or concerns at (703) 849-8888. A member of the staff will answer any questions and proof your materials if you desire.
