

WE ARE AIHA

This is what we do.

Every single day, we work to empower those who apply scientific knowledge to protect all workers from occupational hazards.

This is how we do it.

We are experts in what we do. We use our knowledge to better protect people and the environment.

We are supportive. We exist to serve Occupational Health and Safety professionals, and are constantly searching for new ways to do so.

We are inclusive. We know we are all stronger when knowledge is shared among people coming from diverse backgrounds and across our allied professions.

We are forward-looking. We are growing and evolving with the industry, always looking ahead.

This is why we do it.

Working together, we all share one goal:

A world where all workers are healthy and safe.

The AIHA brand is evolving. To learn more about the process and find FAQs and more, please visit us at [aiha.org](https://www.aiha.org)

HEALTHIER WORKPLACES | A HEALTHIER WORLD
