Volunteer Group Mission Statement

Striving to provide a forum for exchanging ideas and information related to new and emerging digital technologies and advancing the use of these technologies by occupational and environmental health professionals.

Scope of Work Statement

To assist the membership of AIHA in identifying AIHA members and Occupational Environmental, Health and Safety (OEHS) professionals benefitting from this work include: Local Sections, AIHA members, AIHA consultants, EHS professionals.

This committee strives to create a forum make OEHS professionals aware, work with partner organizations to provide education and training on computer applications and information systems issues by development of PDC’s and other outreach opportunities.

Goals and Objectives

- Develops and provides technology-focused education, training, and tools by development of PDC’s and other outreach opportunities
- Achieve and maintain an active membership encompassing a broad range of industries, education, certifications, and experience reflective of health and safety practice in new technologies and issues
- Establish and maintain a formal relationship with the AIHA Technology Initiatives Strategic Advisory Group (TISAG) and other Committees active in technology development
- Achieve and maintain excellence in committee operations through judicious use of volunteer resources, active engagement with all related AIHA volunteer groups and staff, and formalized mentoring and development of members.
- Actively engages in advocacy and works to influence the direction of technologies used for health and safety research and education.
- Committed to outreach with future professionals, the existing AIHA membership, and the general public.

Collaboration Efforts

Group Dynamics
Our members range from students to career-long professionals, with a varied mix of OEHS practitioners, conservators, and collection managers. We are a friendly and active group, with engaging quarterly virtual meetings. You can choose the level of involvement that fits your availability by:
- Joining a project team: learn from each other and produce real-world tools to protect workers;
- Participating in monthly meetings and suggesting other areas of concern to explore;
- One and done micro-volunteering tasks as needs arise, and/or stepping up to a leadership role (Secretary-elect, Secretary, Vice-Chair, Chair).

Qualifications to Join
Members must be an AIHA member in good standing. If you are interested in learning more about membership, please visit https://www.aiha.org/membership.
