Fellows

The AIHA Fellows designation was established to recognize members who are members in good standing, have 15 years of Full continuous membership and have made recognized contributions to industrial hygiene or related disciplines, either through research, leadership, publications, education, or service to AIHA.

The Fellow designation is limited to no more than five percent of the membership. Fellows who do not maintain their AIHA membership will continue to be considered as Fellows, can use the FAIHA designation, but will not be counted towards the five percent of the membership count to allow capacity for new Fellows.
