

The Chicago Local Section of the American Industrial Hygiene Association Student Night 2018

Our annual student night offers a unique opportunity to view student research, visit with friends and colleagues, and receive information on employment/internship opportunities. Support the industrial hygiene profession and share your personal experience by participating in job-sector round tables with undergraduate and graduate students.

The event format for this year includes:

- Undergraduate poster session and networking during cocktails.
- Dinner while graduate students provide podium presentations to the audience.
- A peer smartphone / text message SMS e-voting process for student poster contest. Your voting directly affects the outcome of the student prizes.
- "Job-Sector Round-tables" during dessert.

Social Media:

Throughout the night we will be encouraging participants to follow our AIHA Chicago twitter account (@AIHChicago) and tweet at the event using **#ChiStuNight**

Keep an eye on our twitter account prior to the event to receive "special" updates and instructions for the event.
