

# Half-Day PDC: Non-Ionizing Radiation Workshop - Qualitative and Quantitative Assessment, Interpretation, and Control for Selected Operations

*Wednesday, March 11, 2020*

---

The Chicago Local Section of the American Industrial Hygiene Association (AIHA) and the Illinois ERC at the University of Illinois at Chicago would like to invite you to a presentation on an important IH practice topic. The purpose of this Professional Development Seminar is to review and discuss three selected topics (and tangential information) in the general area of non-ionizing radiation: Radiofrequency/ Microwave, UV, and important considerations for Lasers. The topics will focus on the frameworks of qualitative and quantitative measurement, ACGIH-TLV interpretation, and control.
